Protected development

Government has implemented a provision, where permitted development rights have been removed by the August 2021 changes, to ensure that relevant proposals are still eligible for permitted development rights for an additional time period.

This is achieved by classifying such proposals as 'protected development'. This allows them to use the legislation as it stood prior to the changes, for prior approval applications to be submitted up to the end of July 2022, and for them to be progressed to completion on that basis.

This permitted development right was amended on 1 August 2021 to no longer include temporary use of 'commercial land' that was previously classified as 'assembly and leisure' and is not now covered by Use Class E (commercial/business/service).

If, when the land was last in use, it was as a Local Community, or Sui Generis use previously classified as 'assembly and leisure' (e.g. cinemas; concert halls; bingo halls; or dance halls) such temporary use is no longer considered to be permitted development. However, until the end of July 2022, it is considered to be 'protected development' and this type of application is still valid for eligible proposals.

If, when the land was last in use, it was as a Hotel, Residential Institution, or under Use Class E (e.g. business; or indoor sport, recreation, or fitness) then this type of application is still valid for eligible proposals.
