

Application to determine if prior approval is required for a proposed: Provision of Temporary School Buildings on Vacant Commercial Land and the use of that land as a State-funded School for up to 3 Academic Years

This permitted development right was amended on 1 August 2021

It is now only usable as detailed below in regard to 'protected development'

The Town and Country Planning (General Permitted Development) (England) Order 2015 (as amended) - Schedule 2, Part 4, Class CA

Protected development

Government has [implemented a provision](#), where permitted development rights have been removed by the August 2021 changes, to ensure that relevant proposals are still eligible for permitted development rights for an additional time period.

This is achieved by classifying such proposals as 'protected development'. This allows them to use the legislation as it stood prior to the changes, for prior approval applications to be submitted up to the end of July 2022, and for them to be progressed to completion on that basis.

This permitted development right was amended on 1 August 2021 to no longer include temporary use of 'commercial land' that was previously classified as 'assembly and leisure' and is not now covered by Use Class E (commercial/business/service).

If, when the land was last in use, it was as a Local Community, or Sui Generis use previously classified as 'assembly and leisure' (e.g. cinemas; concert halls; bingo halls; or dance halls) such temporary use is no longer considered to be permitted development. However, until the end of July 2022, it is considered to be 'protected development' and this type of application is still valid for eligible proposals.

If, when the land was last in use, it was as a Hotel, Residential Institution, or under Use Class E (e.g. business; or indoor sport, recreation, or fitness) then this type of application is still valid for eligible proposals.

4. Eligibility

The individual questions in this section will help determine if the prior approval process is relevant to your proposal. If it is not, we advise that you do not complete this application and seek advice from your Local Planning Authority on the best course of action.

Certain questions will require you to know:

- The current and previous uses of the site/building, when these uses started or finished and the uses of adjacent land. This may require you to research the history of the site/building and surrounding land. Uses are codified into 'Use Classes' by legislation, [find out more information on Use Classes](#).
- The proposed dimensions and placement (e.g. height; floor space; distance from boundary) and/or the dimensions of any similar work previously carried out. This may require research into the planning/development history of the site/building.
- If the site/building is in any specific or 'designated' areas (e.g. a conservation area). This may require you to check records provided by the local authority or government agencies.

5. Description of proposed works, impacts and risks

Where legislation requires specific information to be provided, the relevant fields will need to be completed.

The information provided should include all the details necessary for the Local Authority to determine if the proposal complies with permitted development legislation, and if its prior approval will be required.

If sufficient information is not provided the Local Authority can either request it, or refuse the application.

If you intend to provide information (or related details, evidence, etc...) in separate supporting documents, please state that this is the case and include details of the document as well as a summary of the information it contains.

If you feel that certain questions are not relevant to your proposal, then you should state why. However, we advise that this is also discussed directly with the Local Authority as not providing sufficient information may lead to the application being refused.

6. Checklist

There are two levels of requirements, national and local:

- **National** - Use the checklist to ensure that the forms have been correctly completed and that all relevant information is submitted.
- **Local** - The local planning authority will have produced a document (usually available from their website) which details any specific information that is required to accompany the application in addition to the national requirements.

Failure to complete the form correctly or to supply sufficiently detailed plans/drawings or other relevant supporting information may result in your application being refused.
