4. Eligibility

The individual questions in this section will help determine if the prior approval process is relevant to your proposal. If it is not, we advise that you do not complete this application and seek advice from your Local Planning Authority on the best course of action.

Certain questions will require you to know:

- The proposed dimensions and placement (e.g. height; floor space; distance from boundary) and/or the dimensions of any similar work previously carried out. This may require research into the planning/development history of the site/building.
- If the site/building is in any specific or 'designated' areas (e.g. a conservation area). This may require you to check records provided by the local authority or government agencies.

For the purposes of this application and permitted development right:

- **Single living accommodation** means a building used for the purpose of providing living accommodation for single or unaccompanied persons.
- **Non-residential building** means a building which is used exclusively for defence purposes other than as 'single living accommodation', or a dwellinghouse within the meaning of Use Class C3. [Find out more information on Use Classes.](#)

5. Description of proposed works

Where legislation requires specific information to be provided, the relevant fields will need to be completed.

The information provided should include all the details necessary for the Local Authority to determine if the proposal complies with permitted development legislation, and if its prior approval will be required.

If sufficient information is not provided the Local Authority can either request it, or refuse the application.

If you intend to provide information (or related details, evidence, etc...) in separate supporting documents, please state that this is the case and include details of the document as well as a summary of the information it contains.

If you feel that certain questions are not relevant to your proposal, then you should state why. However, we advise that this is also discussed directly with the Local Authority as not providing sufficient information may lead to the application being refused.

6. Checklist

There are two levels of requirements, national and local:

- **National** - Use the checklist to ensure that the forms have been correctly completed and that all relevant information is submitted.
- **Local** - The local planning authority will have produced a document (usually available from their website) which details any specific information that is required to accompany the application in addition to the national requirements.

Failure to complete the form correctly or to supply sufficiently detailed plans/drawings or other relevant supporting information may result in your application being refused.
