Protected development

Government has implemented a provision, where permitted development rights have been removed by the August 2021 changes, to ensure that relevant proposals are still eligible for permitted development rights for an additional time period.

This is achieved by classifying such proposals as 'protected development'. This allows them to use the legislation as it stood prior to the changes, for prior approval applications to be submitted up to the end of July 2022, and for them to be progressed to completion on that basis.

This permitted development right was amended on 1 August 2021 to no longer include changes of use from uses previously classified as 'assembly and leisure' that are not now included in Use Class E (commercial/business/service); or to a nursery.

If your proposed change of use is to a nursery:

- Where the proposed change of use is now wholly within Use Class E (e.g. from business to nursery) then, in many cases, an application for prior approval or planning permission will not be required. Any work associated with the change of use may still require permission.
- Other changes of use to a nursery are no longer considered to be permitted development under this right. However, until the end of July 2022, it is considered to be 'protected development' and this type of application is still valid for eligible proposals.

If your proposed change of use is from a Local Community or Sui Generis use previously classified as 'assembly and leisure' (e.g. cinemas; concert halls; bingo halls; or dance halls) such changes of use are no longer considered to be permitted development. However, until the end of July 2022, it is considered to be 'protected development' and this type of application is still valid for eligible proposals.

If your proposed change of use is from a Hotel, Residential Institution, or Use Class E (e.g. business; or indoor sport, recreation, or fitness) then this type of application is still valid for eligible proposals.
